

Dragon Networks
Application for ECWH Membership

Dragon Networks, in partnership with ECWH offers domain and hosting services to Churches and Church organisations. To join please fill this form in and either email it to:

billing@dragon.com or fax it to: 404.393.9532 **No Postal Applications**

The Dragon Networks agreement form must also need to be signed and transmitted prior to the account being set up.

Domain Services

Generally, churches use the .org TLD (top level domain) suffix. However if you wish you can also purchase other suffixes such as .com, .net or .info. Domains cost \$12 per year.

If you do not have a domain name for your church and wish to purchase through Dragon's registry services, please give us three options:

- 1.
- 2.
- 3.

If you already have a domain name, you will need to change the nameservers in your current registry to point to: ns1.ecwh.org and ns2.ecwh.org

You can transfer your domain to our registry at a cost of \$12 which gives the domain an additional year on its term.

If you do not wish to transfer your domain to our registry, we ask for a \$20 per year fee to cover services and support. The reason we have to do this is set out below:

A couple members of our trade association (various sorts of internet service providers) have run into legal issues and the associated issues of writing large checks to lawyers over providing free hosting. Most of these cases revolve around cases where someone hacks the account without the end user's knowledge, and uses it to distribute copyright files (warez) or illegal content like child porn. In the case where the service is free, the ISP is held as the publisher.

If, however, there is a bona fide customer relationship, both we and the end user are protected under various safe harbor provisions in the law. That's why we ask to either provide the domain

service or ask for a nominal fee; sort of the reason a lot of legal agreements start with "For a dollar in hand and other valuable considerations listed herewithin".

Hosting Services

We provide a free basic package to churches that gives 75mgs of webspace (quota) and 1Gb of data transfer per month (bandwidth) it also includes 5 mailboxes, cPanel and ftp

Upgrades to packages with more features at special low prices can be provided on request to billing@dragon.com

Please provide the following information:

Church Name: _____

Contact Name: _____

Church Address: _____

Phone Number: _____

Fax Number: _____

Contact Email: _____

Email for Invoices: _____

Dragon does provide some basic website design services. If you wish to ask about these you can mail sales@dragon.com Or if you just need a bit of support with setting things up email you can email the volunteers at host-team@ecwh.org

For further technical or billing assistance you can setup an account in our help desk:

www.dragon.com/support and open a ticket.
